

OFCCP Solution: DataStore

With the recent OFCCP ruling concerning *Internet Applicants*, and the EEOC now reviewing its laws, well documented candidate pool information is an essential for any company.

CareerBuilder.com has your solution.

Resume Database Interface

DataStore Features:

- Our unique tools allow you to track candidates by recruiter or job title
- A snapshot of every resume that you view is saved. Giving you accurate historical data on candidates
- Captures all Resume Database search criteria including date, recruiter and open opportunity
- Collects EEO data from candidates found via the Resume Database or Job Postings
- Notes, ratings, flags, stages or dispositions are saved along with the candidate information

Client Tracking Codes
